Comment:

I bought this land as a future site for a family "getaway" -to get away from city life with its noise and hustle and busle. Putting up these ugly, noisey and dangerously hazardous power lines on residential property is not just moronic, it's criminally intrusive!!!! Why not follow US 25 or the railroad tracks? And why do I have to even ask you that? "Southern Colorado Transmission, working with the people." I didn't get the joke until now. -Ron Derry
